

QGBA::CoreController
::finishFrame

```
graph LR; A[QGBA::CoreController::CoreController] --> B[QGBA::CoreController::finishFrame];
```

The diagram consists of two rectangular boxes. The box on the left is shaded gray and contains the text 'QGBA::CoreController' followed by '::finishFrame' on a new line. The box on the right is white and contains the text 'QGBA::CoreController' followed by '::CoreController' on a new line. A dark blue arrow points from the right side of the white box to the left side of the gray box.
