

src/platform/qt/ColorPicker.h

```
graph TD; A[src/platform/qt/ColorPicker.h] --> B[QColor]; A --> C[QObject];
```

A diagram illustrating the relationship between the header file `src/platform/qt/ColorPicker.h` and two classes, `QColor` and `QObject`. The header file is represented by a grey rectangular box at the top. Two blue arrows point downwards from the bottom center of this box to the centers of two white rectangular boxes below it. The left box is labeled `QColor` and the right box is labeled `QObject`. This indicates that `ColorPicker.h` inherits from or is associated with both `QColor` and `QObject`.
