

src/lr35902/isa-lr35902.c

```
graph TD; A[src/lr35902/isa-lr35902.c] --> B[mgba/internal/lr35902/isa-lr35902.h]; A --> C[mgba/internal/lr35902/emitter-lr35902.h]; A --> D[mgba/internal/lr35902/lr35902.h];
```

The diagram illustrates a dependency or relationship between a source file and three header files. At the top, a grey box contains the file path 'src/lr35902/isa-lr35902.c'. Three blue arrows originate from the bottom of this box and point downwards to three separate white boxes. The leftmost box contains 'mgba/internal/lr35902/isa-lr35902.h', the middle box contains 'mgba/internal/lr35902/emitter-lr35902.h', and the rightmost box contains 'mgba/internal/lr35902/lr35902.h'.

mgba/internal/lr35902
/isa-lr35902.h

mgba/internal/lr35902
/emitter-lr35902.h

mgba/internal/lr35902
