

QGBA::Swatch::setSize

```
graph LR; A[QGBA::Swatch::setSize] --> B[QGBA::Swatch::setDimensions]; B --> C[QGBA::Swatch::updateFill];
```

The diagram illustrates a sequence of three method calls on a QGBA::Swatch object. The first method, 'setSize', is highlighted with a gray background. It is followed by 'setDimensions', and then 'updateFill'. Each method is contained within a rectangular box, and the boxes are connected by blue arrows pointing from left to right, indicating the flow of the sequence.

QGBA::Swatch::setDimensions

QGBA::Swatch::updateFill
