

src/platform/qt/MessagePainter.h

```
graph TD; MP["src/platform/qt/MessagePainter.h"] --> QMutex; MP --> QObject; MP --> QPixmap; MP --> QStaticText; MP --> QTimer;
```

The diagram illustrates the dependencies of the `src/platform/qt/MessagePainter.h` header file. It is represented as a central box at the top with five arrows pointing downwards to five separate boxes below it. The boxes below are labeled `QMutex`, `QObject`, `QPixmap`, `QStaticText`, and `QTimer` from left to right.

QMutex

QObject

QPixmap

QStaticText

QTimer
